Education

MSc Economics Shiv Nadar University, Delhi NCR	CGPA: 7.8 / 10	2024 – 2026
BA Economics Motilal Nehru College, University of Delhi	CGPA: 7.15 / 10	2021 – 2024

Experience

Research Analyst | Centre for Economic Future, Shiv Nadar University, Delhi NCR Aug 2026 – Present

Investigator: **Dr. Indranil Sen Gupta**

- Build forecasting and liquidity models for inflation, growth, and monetary-policy rate paths using Bloomberg Terminal data across FX, fixed income, and macroeconomic indicators.
- Analyse commodity and supply-side drivers (cotton, sugar, edible oils, crop output, reservoir levels, ENSO indicators, MSP policy) using ICE, ISMA, SEA, and FAO data to assess CPI pass-through and monetary-policy implications.
- Write macro research notes on inflation, currency markets, and monetary policy, and track inflation, GDP, and balance of payments releases for the research team.

Research

Scan, Pay, Include: Did UPI Adoption Widen Access to Formal Finance in India? Jan 2026

Supervisor: **Dr. Gitanjali Sen** | Co-author: **Pratham Mittal** | Tools: STATA, Excel

- Found UPI significantly amplified existing financial depth using a continuous Difference-in-Differences framework on a state-level panel of 34 Indian states and UTs (2012–2024).
- High-deposit states saw ~41% higher post-UPI formal credit activity relative to low-deposit states, isolating the relationship using state and year fixed effects and robustness specifications.

Empirical Analysis of the EKC Hypothesis for Municipal Solid Waste May 2025

Supervisor: **Dr. Ram Ranjan** | Co-author: **Shivam Bist** | Tools: STATA, Excel

- Tested the Environmental Kuznets Curve hypothesis for municipal solid waste across 31 Indian states and UTs, examining the relationship between waste generation and per-capita income.
- Applied fixed-effects panel regression in STATA to estimate the income – waste relationship, finding an inverted - U pattern consistent with the EKC hypothesis.

Internship

Summer Research Intern | BITS Pilani K.K. Birla Goa Campus Jun 2025 – Jul 2025

Investigator: **Dr. Arfat Ahmad Sofi**

- Assessed productivity and sustainable economic development through an empirical analysis of Green Total Factor Productivity (GTFP) across 26 Indian states and UTs over 12 years (2011–2022).
- Applied panel fixed-effects regressions to identify determinants of green productivity across states.

Projects

Depreciation and Inflation Dynamics in India (2014-2024) Apr 2026

Supervisor: **Dr. Indranil Sen Gupta** | Tools: STATA, Excel

- Estimated how rupee depreciation affects CPI inflation in India using OLS regression on FY2015-FY2024 data.
- Found a positive pass-through from rupee depreciation to CPI inflation, with crude oil prices and lagged inflation as key drivers

Bloomberg Dataset Directory Sep 2026

- Compiled a directory of around 15.6K Bloomberg datasets across macro, FX etc. which are not discoverable via public search.

Positions of Responsibility

Undergraduate Teaching Assistant | Shiv Nadar University, Delhi NCR 2024 – 2026

- Assisted faculty and undergraduates across four semesters in Introductory Econometrics, Introduction to Probability (×2), and International Finance, under **Dr. Shampa Bhattacharjee**, **Dr. Punarjit Roychowdhury**, and **Dr. Amrita Ghosh Dastidar** respectively.

Placement Coordinator | Shiv Nadar University, Delhi NCR 2024 – 2026

- Facilitated communication between 30 students and many recruiters, coordinating placement activities.

Trade & Environment Group | Shiv Nadar University, Delhi NCR 2025 – 2026

- Contributed to the organization of conferences as a student team lead of the Trade and Environment Group.

Skills, Certifications & Activities

Skills: STATA | Power BI | LaTeX | MS Excel | Datawrapper | Bloomberg Terminal | Python

Certifications: Bloomberg Market Concepts Certificate | Programming in Python | Introduction to Data Analysis

Extra-Curricular: Trade & Environment Conference 2025 Volunteer | HelpAge India Fundraising Volunteer
